# DARK AGNES

## CONCEPT

Play as **Dark Agnes**, a fierce **16th-century** swordswoman, in the heart of an intense **roguelike side scrolling adventure**. Explore randomly **generated dungeons**, haunted forests, labyrinthine castles, pirate ports and face off against both the **Duke of Alençon** and the worshippers of Set.

## ROGUE

In a long-abandoned fortress once tied to **Guillotine's lineage**, Agnes uncovers the **Fleur du Mal**, a cursed sword to **defy death** itself. Every swing strengthens its hold on her, forcing Agnes to confront the blade's dark legacy or **risk being consumed** by it.
